

Company Name: Orange Business Services

Contact Name: Harold Quek

Date Submitted: 26/09/2018

Feedback: Please provide more time beyond 12 Nov 2018 for copper disconnection and legacy services as our global customers have taken a long time to take a decision to place orders. If this is not approved there will be a major impact on Orange customers eg [*major airline end customer names redacted*] which impact critical customer business operations globally and will affect Australia's reputation across the globe. NBN access in many cases is not a suitable replacement service for our particular customers needs.
