
Required Measure 5(B) – Disconnection Process for Special Services and Special Service Inputs for the Access Service Families CustomNet Spectrum

1 Background

This Required Measure 5(B) sets out the disconnection process which applies to the Wholesale Access Service Family CustomNet Spectrum and Retail Access Service Family CustomNet Spectrum and all SS Classes in those Access Service Families and Special Service Inputs that are Service Equivalent to those SS Classes) (**Covered SS Classes**). In this Required Measure 5(B), Direct Special Services of a Covered SS Class and Special Service Inputs that are Service Equivalent to a Covered SS Class (which do not fall within an exception set out below) are referred to as “**Covered Special Services**”.

In accordance with clause 22.4 of the Plan, the Disconnection Date for the Covered SS Classes is 15 April 2019 (**Special Services Disconnection Date**). The Disconnection Date for the SS Class has been triggered by Telstra announcing a product exit. The key phases of the product exit in the lead up to the Special Services Disconnection Date are:

- (a) there has been a cease sale in place on and from 25 January 2008 for Wholesale Customers who are new customers (who did not acquire any CustomNet services from Telstra as at 25 January 2008);
- (b) there has been a cease sale in place since 14 July 2016 for Retail Customers who are new customers (who did not acquire any CustomNet services from Telstra as at 14 July 2016);
- (c) there will be a cease sale in place on and from 15 October 2018 for both existing Wholesale Customers and Retail Customers (who already acquired CustomNet Services from Telstra); and
- (d) existing Wholesale Customers and Retail Customers will not be able to make any moves, adds or changes to Covered Special Services on and from 15 October 2018.

2 Application

2.1 Application of this Required Measure 5(B)

- (a) For clarity, this Required Measure 5(B) only applies to the Telstra Retail CustomNet Spectrum and Telstra Wholesale CustomNet Spectrum Access Service Families.
- (b) The Covered SS Classes are CustomNet Spectrum, although the Services are sometimes also known as ‘CustomNet’ and Special Service Inputs certified by Wholesale Customers using the code NC and HC (CustomNet).
- (c) The only additional product Telstra supplies to Retail Customers using the same technology is the ‘Corporate Virtual Private Network (CVPN)’ product, which will be exited as part of the national product exit for CustomNet, but does not form part of the CustomNet Access Service Family under the Plan.

2.2 The product exit is nationwide and applies regardless of nbn Access Technology

Telstra has announced a national exit of the CustomNet Spectrum product, across both Telstra Wholesale and Telstra's Retail Business Units. This means that Direct Special Services and Special Service Inputs in a Covered SS Class will be disconnected irrespective of:

- (a) whether the Direct Special Service is supplied to a Premises within or outside of the Fixed Line Footprint for a Rollout Region and regardless of the Rollout Region within which a particular Premises to which a Covered Special Service is located;
- (b) the Access Technology that nbn co. has notified Telstra it has used or proposes to use to make a Premises within the Fixed Line Footprint in a Rollout Region NBN Serviceable; and
- (c) whether nbn co. introduces a new type of Access Technology to make Premises NBN Serviceable. For example, because this exit applies to the entire Wholesale CustomNet Spectrum and Retail CustomNet Spectrum Access Service Families, it applies to all Covered Special Services, regardless of whether nbn co. has introduced a new Access Technology which is yet to be added to the Plan in accordance with clause 22.16 of the Plan.

3 Disconnection Date for the SS Classes

3.1 Disconnection Date for each Covered SS Class of Direct Special Service

- (a) The Disconnection Date for each Covered Special Service is the Special Services Disconnection Date.
- (b) As required by the Plan, the Special Services Disconnection Date is the same in respect of both Wholesale Customers and Retail Customers.
- (c) Telstra will notify Wholesale Customers of the Special Services Disconnection Date in accordance with its standard 'business as usual' processes for managing product exits and will ensure that Wholesale Customers are provided with at least 18 months notice of the Special Services Disconnection Date.

4 Commencement of cease sale for Covered Special Services

- (b) Telstra will not supply Wholesale Customers with any new Covered Special Services on and from 15 October 2018, regardless of whether they acquired Covered Special Services as at 25 January 2008.
