Tower Access (Site Share) Accredited Structural Engineers

Accredited Structural Engineers for Telstra Tower Access

When undertaking a structural analysis of Telstra's Masts, Towers or Poles, you are required to use a structural engineer accredited by Telstra.

If you are a contracting organisation wanting to be assessed with the aim of becoming an accredited structural engineer, you should contact the Technical Standards Manager on 03 8649 4034

As at 31 July 2015
